

## **An Introduction to Metrics in Academic Journals: From Writing to Ranking**

**Christopher M. Tancock** M.Phil. (Oxon)  
Senior Publisher | Language & Linguistics Journals

In this workshop, the Publisher for Elsevier's linguistics portfolio will host a session exploring why and how journal and research quality is measured. We will consider the origins, features and drawbacks of the Impact Factor as well as looking at the H-Index, SCImago Journal Rank and several other metrics. This will be an open and informative session, aimed at those who are interested in the numbers associated with academic publishing, how they work and how they can affect a researcher's career.

For those wishing to register or advance questions ahead of the conference; this can be accomplished by emailing the presenter: [c.tancock@elsevier.com](mailto:c.tancock@elsevier.com)
